Software Development

June 2024 - November 2024

ALX Foundations
Software Engineering

March 2025 - Present

WORK EXPERIENCE

Lead Developer

December 2024 - Present

Merime Development – Kilifi, Kenya

- Led the development of *LinknaMali*, a digital platform that connects property owners and service providers with seekers across Kenya's coastal region, resulting in a 22% increase in online property and service listings within the first four months.
- Led a team of 4 developers, organized tasks using agile sprints, and provided weekly progress updates to the founder, achieving 95% on-time delivery of key features.

Digital Solutions Provider

December 2024 - Present

Shwari Movers and Cleaners – Juja, Kenya

- Designed an anonymous employee feedback system, allowing members to report concerns confidentially, which led to a 50% improvement in issue resolution times.
- Developed a casual worker registration and inventory tracking system to log worker details and manage issued items, resulting in a 40% drop in reported losses.
- Replaced manual WhatsApp attendance lists with an online roll call form, cutting down attendance logging time by over 60% and improving daily reporting efficiency..

VOLUNTEER ACTIVITIES

Love Mtaani Foundation

November 2024 - Present

Provided hands-on support to children in local children's homes, contributing to their education and wellbeing.

Participating in charity events, raising funds that support 50+ children with food, school supplies, and medical care.
